In the Matter of CHARLOTTE NEGLEY

Charlotte Negley, APO Area Europe, Claimant.

Robert Schildkraut, Agency Counsel, Department of Defense Education Activity, Arlington, VA, appearing for Department of Defense.

DANIELS, Board Judge (Chairman).

Charlotte Negley, an employee of the Department of Defense Education Activity, asked her agency to provide her with two adjoining coach seats for airline travel on official business. She asserted that this upgrade is necessary for medical reasons. The agency denied her request. She asked the Board to review the agency's determination.

Very soon after receiving our notice of docketing, the agency agreed to provide Ms. Negley with the travel upgrade she had sought. The agency asks us to dismiss the case.

Because no issues remain in dispute, leaving nothing for us to decide, the case is dismissed.

STEPHEN M. DANIELS
Board Judge
